Health History

Valley Professionals Community Health Center (VPCHC) uses a team-based approach to healthcare that works at improving primary care by providing comprehensive and continuous medical care. Our comprehensive care covers prevention and wellness, acute and chronic care as well as behavioral health. In order to provide the best patient care possible, it is essential that the information below be provided to ensure your personal provider and healthcare team understand your specific health concerns/needs. Each patient's personal provider and care team works to support the patient in learning to manage and organize their own care. In addition, the care team coordinates patient care with specialty groups, hospitals, home health and community services to ensure continuous, uninterrupted care.
